EDUCATION

University of Maryland - College Park
M.S. Geospatial Information Sciences | 2025

University of Maryland - College Park
B.S. Environmental Science and Policy | 2023
Wildlife Ecology and Management
Minor: Geographic Information Systems

SKILLS

GIS & Mapping Platforms:

- ArcGIS Pro, ArcGIS Online, ArcGIS Dashboard, ArcGIS Field Maps, ArcGIS Survey123, ArcGIS StoryMaps, QGIS, Leaflet, Google Maps, OpenStreetMap

Programming & Web Tools:

- Python and Languages (e.g., ArcPy), JavaScript, SQL, HTML, Jupyter Notebooks

Data Analysis & Visualization:

- ArcGIS ModelBuilder, ArcGIS Machine Learning Tools, Microsoft Excel

Field & Environmental Tools:

- GPS/Garmin Devices, Benthic Macroinvertebrate Sampling, Physical Habitat Assessments, Species Identification (Eastern U.S. Birds), Triangulation

AWARDS

M Club Rodman Postgraduate Scholarship (\$5,000) | 2023
Wilma Rudolph, National Association of Academic and Student-Athlete Development Professionals (N4A) | 2021

CERTIFICATIONS

- MBSS Benthic Macro-invertebrate Field Sampling Certification | 2027
- MBSS Physical Habitat Assessment Certification | 2026
- Adult First Aid/CPR/AED | 2027

Gwendolyn Zeckowski

M.S., GEOSPATIAL INFORMATION SCIENCES | GIS ANALYST | ENVIORNMENTAL SCIENTIST

PROFESSIONAL EXPERIENCE

Field Scientist - Clean Streams LLC AUGUST 2024 - PRESENT

Prince Georges County, MD
Maryland Biological Stream Survey (MBSS) - SPRING & SUMMER

- Conducted Benthic Macro-invertebrate assessments and sample collection following the MBSS protocols in the spring for Tetra Tech to fulfill NPDES MS4
- Conducted Physical Habitat Assessments for streams following the MBSS protocols in the summer for Tetra Tech to fulfill NPDES MS4
- Used ArcGIS Field Maps and Survey123

Geomorphological Assessments - FALL & WINTER

- Document channel morphology, geomorphic features for Tetra Tech to fulfill NPDES MS4
- Used ArcGIS Field Maps and Survey 123, and Trimble, for location services

Laboratory Soil Processing - WINTER & SPRING

- Processed soil sampled for bulk density at TetraTech lab

GIS Analyst - Clean Streams LLC & MDDNR AUGUST 2024 - MAY 2025

Maryland (Statewide)

- Conducted spatial analysis for stream sampling locations using ArcGIS Pro
- Created statewide landowner parcel maps to facilitate access permissions
- Managed outreach and outreach records in the GIS database system

UC Conference Student Assistantship - Esri JULY 2024

San Diego, CA

- Worked the attendee registration table, handed out Esri bags at the swag station, and worked the Esri store retail
- Participated in the Special Achievements in GIS Awards by navigating people on where to go and handling the capture of their photos

Architect of the Capitol - Washington, D.C.

Geospatial Technician Intern JUNE 2024 - SEPTEMBER 2024

- Used GIS and Davey TreeKeeper System to map 500+ acres of vegetation
- Digitized and maintained detailed records of shrub polygons for federal landscaping projects

Capitol Power Plant Intern JUNE 2023 - AUGUST 2023

- Presented plant tours highlighting environmental and eGrid operations
- Assisted in hazardous material handling and chemical delivery protocols

National Wildlife Refuge Waterbird Intern MAY 2021 - AUGUST 2021

U.S. Fish and Wildlife Services - Maine

- Banded and checked productivity plots for Arctic and Common Terns
- Handled Black Guillemots, Common Eiders, and Atlantic Puffins
- Collected blood samples and performed nest counts
- Analyzed chick provisioning behaviors in 4-hour observational windows

COMMUNICABLE EXPERIENCE

Substitute Teacher DECEMEBER 2025 - PRESENT

Anne Arundel County - Maryland

- Managed 6-8 grade classrooms and delivered assigned lesson plans
- Maintained student engagement and positive learning environments
- Supported daily instruction, behavior monitoring, and attendance

Track & Field Athlete University of Maryland AUGUST 2018 - MAY 2023

University of Maryland - College Park, MD

- Competed in numerous pole vault meets
- Participated in volunteer events with the team and attended team bonding
